

PLEASANT HILL WOLVES WEEKLY UPDATE
WEEK OF OCTOBER 14TH – 18TH

DATES TO REMEMBER

THANK YOU to all who attended the Big Truck Night last Thursday. It would not have been possible without the assistance of the Pleasant Hill Volunteer Fire Department who organized the participants and The Shaved Ice Shack who provided 175 free snow cones! Mrs. Black’s class poster received the most votes and will be the recipient of the pizza party and first grade student, Stella, won the door prize on Friday morning! Our next Preschool Family Night will be in November and the quarterly school-wide Family Night will be in December.

School Improvement Updates-

This Wednesday will be an early dismissal for School Improvement meetings. Currently we have four teams meeting during school improvement time: a Positive Behavior Intervention team who is working to implement a district-wide system of behavioral supports, a Cell Phone Task Force who is looking at the effect of cell phones on student engagement and solutions reduce distraction and increase student engagement, a Family and Community Engagement Committee who is working to plan each of the schools’ quarterly family nights, and an Instructional Leadership Team who is reviewing data and creating an action plan to address instructional needs within the district.

Law Enforcement/Evacuation Drill-

Reminder: the mandated Law Enforcement Drill will take place on October 24th. Please be assured we would never teach or ask our students to confront an armed intruder. We will also never conduct unsafe or surprise training drills with students of any age. We will, however, provide students with the knowledge that if faced with a critical situation, there are methods that can be applied that greatly enhance their chances of not being harmed. During the drill, **we, together with our school resource officer, will have age-appropriate discussions with our students on the ALICE principles, and we will take a walk to the district’s reunification point.**
